

**License Details**

**License Status:** : A license that is "Expired", "Null and Void", or "Inactive" means the license holder cannot legally practice their profession and/or operate as a licensed business. The status of "Current" and "Active" means the license is in good standing, and the licensee can practice. Some licensees could be both "Current" and "Inactive" indicating they are in good standing but not practicing their profession at this time.

"**License**" means a license, certificate, registration, permit, or other form of authorization, including a renewal of the authorization, that: a person must obtain to practice or engage in a particular business, occupation, or profession; or a facility must obtain before a particular business, occupation, or profession is practiced or engaged in within the facility. A "**License Rank**" is the level of a license; a "**License Modifier**" provides additional information on the scope of the license.
